Great, thanks for the clarification.
Jim

Jim, thanks for the comments. They are pretty self explanatory. However, I did want to respond to one of your comments. Here is the process I see for developing PRGs, RGs, AOPCs and SMAs.

First, we will develop PRGs. I expect that we will have all (not the majority) PRGs presented in a table sometime this fall. These will be mapped to identify AOPCs. As we have discussed, this is a simple mapping of site data against PRGs or multipliers of PRGs for the purpose of identifying AOPCs. This may be a stand alone document.

AOPCs and PRGs will be refined into SMAs and RGs in the alternative development and screening report. SMA specific CSMs will be developed. It is unclear whether the SMA specific CSMs will be presented in the alternatives development and screening report or the draft FS.

Eric

	FW: Draft Comments on Section 11

Eric, Chip & Kristine,
DEQ's comments on EPA's draft comments on the LWG's RD2 Rpt Section 11 are included in the attached file as redline/strikeout. Once again, great job putting this all together. Eric, I posed a number of questions to you in the attached file. You don't need to specifically respond to them...., I added them for you to consider.

Jim Anderson
Manager, DEQ Portland Harbor Section

Subject: Draft Comments on Section 11

Attached are EPA's draft comments on Section 11. Please provide your comments by May 1, 2008. We can discuss at the TCT scheduled for May 7th and I will finalize thereafter to meet a May 15, 2008 submittal deadline.

Thanks, Eric
